

# VIGLAMO

BROCHURE

# Leucate

A hidden gem on the French  
Mediterranean coast

the 5 values of VIGLAMO:

1. Total respect for the environment and the integration of the properties into the landscape
2. Facilities made of noble materials
3. A very high quality of services
4. Original and unusual accommodation
5. The enhancement of the local heritage

The Mediterranean climate of the region is particularly mild. The number of hours of sunshine reaches 2520 hours per year. The conditions here are therefore very favourable for salt extraction and wine production. Leucate has 300 days of wind per year, which makes it an ideal destination for all wind-related activities.

## With Us

A wide range of services for endless well-being

The atypical accommodation has been installed with great care. From the standard tented lodges to the Majestic lodges, there is a feeling of well-being at every location.

Our estate has two heated outdoor pools. You will also find a wellness area on our estate. You can enjoy the sauna, the hammam, the jacuzzi or make an appointment with one of our qualified staff for a massage or one of the many other relaxation, beauty and wellness activities.
